HOW IT WORKS

- 1 The BP Plus Fuel Card is available to all your contractors through a simple direct debit sign up process from the **Remus Rewards** advantage benefits website.
- 2 Every Monday, contractors receive an email with the fixed price for unleaded and diesel fuel for the rest of that week. They can then purchase fuel from BP service stations at the weekly fixed price, regardless of the advertised price at the station.
- 3 The contractor receives an email statement of the fuel purchased for the previous week and payment is collected via direct debit.
