We serve a range of temporary labour companies throughout the UK, delivering highly flexible programmes and technology to help businesses enhance their contractor value proposition.

PAY-AS-YOU-PAY

Our weekly billing enables us to only charge our clients for the number of workers they have payrolled. This flexible weekly billing schedule fits with employment agencies and the umbrella market where workforce numbers fluctuate from week-to-week.

DESIGN & COMMUNICATIONS

As scheme design and communications are managed in-house, it enables us to easily tailor the service and branding to your requirements.

A young child with dark hair is laughing joyfully, eyes closed, with their mouth wide open. They are wearing a white t-shirt with the text "THIS WORLD FULL OF HOPE" in colorful letters. The child is surrounded by a shower of golden confetti or small paper pieces that are falling all around them, creating a festive and celebratory atmosphere. The background is a soft, out-of-focus yellow and white.

DISCOUNTS

& PERKS

OUR BENEFITS DELIVERY SOLUTION GIVES YOUR CONTRACTORS MORE. OUR **ADVANTAGE** PLATFORM OFFERS THE BEST DISCOUNTS AND PERSONALISED CONTENT AND CAN BE FULLY ALIGNED WITH YOUR BRAND. IT'S EASY TO USE AND ALLOWS YOU TO LINK-OUT TO EXISTING CONTRACTOR BENEFITS.

GIVE YOUR CONTRACTORS SOMETHING EXTRA

At the core of **advantage** are our fantastic range of shopping discounts which help your contractors' money go further. Contractors can access a range of discounts, covering high-street retailers, supermarkets and online stores to enable them to save on every pound spent.

We even have a fuel card for self-employed contractors enabling savings to be made at over 1,200 forecourts throughout the UK!

RESULTS DRIVEN BY RELEVANCE

Relevant content and communications are key to helping us build a valuable relationship with our users. We give our customers and their contractors the ability to use our 'flexible panel' technology to define the content that appears on their homepage. Our account management team will also work with you to build a tailored communications plan to help drive scheme engagement.

VARIETY IS THE SPICE OF LIFE

A diverse content range certainly helps engagement with users and helps ensure we always have something interesting to say. After all, we are all different and not everyone who accesses your contractor benefits platform will be interested in a discount on their shopping.

That's why we created our unique community features which includes a Market Place where your contractors can trade unwanted goods, a company news and events section, as well as a range of free to enter competitions and lotto for users to enjoy.

HAVE IT YOUR WAY

Our benefits delivery platform is easy to access and simple to use. We have many different ways your contractors can access your scheme. Not all will be right for you or them, so we'll get a good understanding of all your needs before making a recommendation.

Make our solution your own by aligning it with your company or scheme brand. However your contractors experience the scheme, it will always be in tune with your brand values.

Users can use our reminder service to record important dates such as birthdays, so they are never forgotten.

IF YOU CAN'T MEASURE IT...

Each month your account manager will provide a full breakdown of your scheme performance using visual charts and reports. Track engagement, spend and savings and gain valuable insight with a view on all the key aspects of your scheme.
